May 2009

“Not another moment lost to seizures” is the motto of the Epilepsy Foundation of Northeastern New York. This means a lot to me personally as my grandson Jake has epilepsy. He suffers from daily seizures and because of him I have become involved with the Epilepsy Foundation of NENY. Through my work with the Foundation I quickly learned how prevalent epilepsy is and feel strongly that we need to work towards the eradication of all seizures.

I have once again volunteered to be Chairman of the 2009 Epilepsy Golf event. The event will be held on Monday, October 5, 2009 at Wolfert’s Roost Country Club. For those of you that play golf this is a wonderful opportunity to play golf at one of the area’s most prestigious private country clubs. This is the best time of the year for golf as the trees are changing colors and the course is in its absolute peak condition.

For those of you willing to consider sponsorship opportunities, a variety of levels are available from \$1,200-\$6,000 and I am confident that you will be quite satisfied with the amount of exposure that your company will receive at each of these levels. Tee and green signs may also be purchased for \$300 and \$200, respectively, or you may purchase both for \$450! Please see attached materials for all of the details.

If you are planning to golf, please reserve your slot early. This event sold out last year, and we were forced to turn away foursomes. The day begins with lunch served on the terrace level of the clubhouse, followed by a great round of golf. After golf there will be a cocktail party with hors d’oeuvres, gourmet food stations, a live auction, a raffle and an awards celebration.

The Epilepsy Foundation provides support, education and networking opportunities for families and individuals with epilepsy and needs our help. Please support this cause in any way that you can. The Foundation and I both appreciate anything that you can do to help everyone who suffers from seizures including Jake. Together, we can make sure that we reach the goal that “not another moment is lost to seizures.”

Please call Susan Kaczynski of the Epilepsy Foundation at (518) 456-7501 if you have any questions. Thank you for your consideration.

Sincerely,

Michael C. Hoffman, Golf Tournament Chairman
President, Turf Hotels
